**Date:** 3/14/03

Jim: We have received another new notice. This is located on private ground. No map was included with notice.

Mine is located in Section 4, T6N, R19W, Box Elder County

I will fax over a copy of the notice as well. Our lead inspector for this site is out today; perhaps he will be able to locate a map when he returns Monday. If you still need a map and are unable to just use the location for your review, please let me know.
